

These documents in English language to the person concerned shall be for information purposes only.
OTP Bank Plc shall fulfil its obligations imposed by the legal regulations or requirement of supervisory authority by the documents in Hungarian language.
In the event of any discrepancy between the English language and Hungarian language versions, the Hungarian language version shall prevail.

Annex 1 to the Collateral Announcement
Acceptance rates of the eligible collaterals (Collaterals) for Global Markets Individual Transactions.
The acceptance rates are to be understood as the percentage ratio of the net market value of the
Collaterals.
Valid from: 1 September 2024

PAYMENT ACCOUNT RECEIVABLE, CLIENT ACCOUNT RECEIVABLE
--

Designation	Acceptance rate
Payment account receivable, client account receivable in HUF	100,00%
Payment account receivable, client account receivable in AUD	94,50%
Payment account receivable, client account receivable in BGN	95,00%
Payment account receivable, client account receivable in CAD	95,00%
Payment account receivable, client account receivable in CHF	94,50%
Payment account receivable, client account receivable in CNY	94,00%
Payment account receivable, client account receivable in CZK	95,50%
Payment account receivable, client account receivable in DKK	95,00%
Payment account receivable, client account receivable in EUR	95,00%

Payment account receivable, client account receivable in GBP	93,50%
Payment account receivable, client account receivable in JPY	93,00%
Payment account receivable, client account receivable in NOK	94,00%
Payment account receivable, client account receivable in PLN	96,00%
Payment account receivable, client account receivable in RON	95,00%
Payment account receivable, client account receivable in RSD	95,00%
Payment account receivable, client account receivable in RUB	60,00%
Payment account receivable, client account receivable in SEK	95,00%

Upon the occurrence of the following events or conditions, the acceptance rate (acceptance value) of the Collaterals, stipulated in Annex 1, will automatically decrease to 0% without any further legal action:

- a) any change in the legislative environment or any other reason not imputable to the Bank terminates the marketability of the given Collateral or substantially reduces the market liquidity thereof, or
- b) no market price of adequate quality can be linked to the Collateral, or
- c) in the case of equities, if the equity is no longer listed among the "Premium" securities constituting the BUX index, or
- d) in the case of mutual fund shares, if the mutual fund is transformed into a closed-end fund or a decision to this effect is adopted, or
- e) if an insolvency procedure, bankruptcy proceedings, enforcement procedure or any other procedure that may entail the liquidation of the given entity (cancellation from the public register) is initiated against the issuer of the Collateral or – in the case of securities – against the entity that undertakes the liability to pay any amount based on the securities to the holder thereof, or any such circumstance arises that qualifies as a Credit Event according to the latest issue of the ISDA Credit Derivatives Definitions (irrespective of whether this document applies to any of the transactions concluded by the affected party).

The valuation may be performed based on several methods, the results of which may vary, and the method may be selected by relying on a number of sources. The selection of the valuation method and the source thereof is the exclusive right of Bank, which is expressly accepted by the Client in view of the provisions of the Investment Services Business Regulations.

This annex forms part of the document entitled "COLLATERAL ANNOUNCEMENT to Investment Services Business Regulations". Issues not regulated in this annex shall be governed by the Investment Services Business Regulations.
