Subsequent certificates issued at the request of the client (statement of account, tax certificate, certificate of completion, transaction slip)	HUF 888 ⁷					on release

II. Account management fee basis

The account maintenance fee for securities accounts and sub-accounts is based on the average market value of the securities held in the account. The securities account maintenance fee is charged quarterly in proportion to the number of actual days of record. The Bank applies a tiered calculation for the account management fee.

III. The formula for calculating the fees:

Account management fee base = amount of securities * period average portfolio valuation price * period average MNB mid-market rate * number of registration days / number of days in the fee payment period

Fee applied for the fee-payment period: (number of fee-payment days/number of days per year)* % as per the announcement

where,

Amount of securities: nominal value (government bond, mortgage bond, bond, etc.) or number (share, certificate, unit certificate, compensation certificate, etc.)

Period average portfolio valuation price: the average of the Portfolio valuation prices established for the record dates of the securities held in the securities account during the fee payment period.

Period average MNB mid-market rate: the average of the MNB mid-market rates established for the record dates of the security held in the securities account in the primary distribution currency of the security during the fee payment period.

Number of record days: the number of record days of securities held in the securities account during the fee payment period

Number of days of the fee payment period: In the case of a quarterly charge, the number of days in the given quarter; in the case of an annual charge, the number of days in the given year; in the case of a periodic charge, the number of days in the period since the last charge was paid.

% as per the announcement: The fee rate corresponding to the portfolio band listed in Table I or the fee rate set out in the Announcement (Announcement on Interest Rates, Charges and Fees in the Prestige Private Banking Business, Announcement on Interest Rates, Charges and Fees in the Private Banking Business) corresponding to the client's categorisation.

The calculated account management fee is the account management fee base multiplied by the fee applied for the fee period.

IV. Principles for calculating account management fees and responsible custody fees

1. The fee payment period applies to a calendar quarter. The account management fee is due pro rata temporis until the end of the month following the end of the calendar quarter or when the account is closed. In the case of securities accounts with "Responsible custody" and "Responsible custody – migration" status, the responsible custody fee is debited by the middle of the month following the end of each closed calendar quarter.
2. The account management fee is charged and debited for the entire fee payment period on the basis of the client's contract and cost setting in force on the balance date, i.e. the last day of the fee payment period.
3. We will inform the Client in advance of the exact amount and date of the account management fee on the last statement of each quarter. The Client shall also pay the account management fee for the live but drained securities account, which the Bank shall debit from the Client's securities account every quarter in accordance with Section IV/1.

In the case of the PSA-D and LTIA securities accounts, the statement is also sent out monthly.

In the case of securities accounts with "Responsible Custody" and "Responsible Custody – migration" status, since the Bank holds and manages the Client's assets without a valid legal relationship, the statement of account is not sent.

4. The account management fee **is automatically debited from the payment account linked to the securities account**. If the necessary liquidity for the payment of the account management fee is not available on the linked payment account within the prescribed time limit, the Bank may apply default measures on the basis of the Investment Services Business Regulations in force at the time.
5. We charge a minimum fee for maintaining a securities account, regardless of the amount of securities held in the account, which is not applicable on a pro rata temporis basis. If the account balance was "0" during the period, the minimum fee will be charged.
6. The registration of OTP shares is free of charge, regardless of the account type. On the positive balance from other securities held in the account, the securities account maintenance fee as set out in the announcement will be charged. The balance of OTP shares is not taken into account for the EUR 100,000 tier limit.
7. The EUR 100,000 tier limit for OTP clients who use a Standard, Premium, Premium Plus or Premium Next **services**, will be converted at the official euro exchange rate published by the MNB on the last banking day of the fee payment period. For accounts terminated within the fee payment period, the official euro exchange rate published by the MNB for the previous period will be used.
8. The EUR 100,000 tier limit for OTP Private Banking clients who have a Digital Private Banking and Private Banking Service Package or a Prestige Private Banking Service Package and whose savings reach the Entry limit will be converted at the OTP foreign exchange middle rate published on the last banking day of the fee payment period. For accounts terminated within a fee payment period, the rate set for the previous period shall apply.
9. The tier limit of EUR 100,000 is calculated separately for each securities account. After aggregation within a given securities account, the account management fees per security are calculated on a pro-rata basis for the portion of the account below and above the EUR 100,000 fee band pro-rated for the fee payment period.
10. The notification method can be declared until the last banking day of the month at any OTP Bank branch or via the OTPdirekt Internet service.
11. If the Client decides to open an individual sub-account (KELER named sub-account) pursuant to Section 336 of the Capital Market Act, OTP Bank shall pass on to the client the fees corresponding to the KELER fees. KELER's current Fee Schedule is available at www.keler.hu. If the client decides to open a segregated client sub-account enabled by KELER CCP Ltd., OTP Bank will pass on to the client the fees corresponding to the KELER CCP fees. The current Fee Schedule of KELER CCP is available at www.kelerkszf.hu.
12. The account management fee is charged for the period for which the fee is payable and when the account is closed, in accordance with the following principles:
 - a) Charged account management fee = calculated account management fee, if calculated fee > minimum fee
 - b) Charged account management fee = minimum fee if calculated fee < minimum fee
13. The projection base used in the calculation of the securities portfolio:

The average of the Portfolio Valuation Prices established for the record dates of the securities held in the securities account during the relevant fee payment period.

B. FINANCIAL PLANNING SERVICE FEE

Description	Branch	OTPdirekt telephone banking service	OTPdirekt Internet service	OTPdirekt Broker service	Due date
Financial Planning

E. OTHER PROVISIONS

1. For detailed information on the conditions for the ordering and execution of individual transactions, the scope and use of eligible collateral, the settlement and clearing rules for units, the payment account arrangements that can be linked to a securities account, the securities that have become invalid, complex products and the risk rating of securities, please consult the **Supplementary Announcement**, which can be obtained from the branches involved in securities distribution or can be accessed at www.otpbank.hu . The Bank may pass on to the Client any costs and fees incurred in connection with the provision of the service but not specified in this Announcement.
2. The Bank provides information on www.otpbank.hu on any tax liability that may arise in connection with the transaction relating to the financial instrument covered by the contract and:
 - a) which is deducted or accounted for by the Bank, or
 - b) which is not paid through the Bank.
3. For more information, please ask for the **Investment Services Business Regulations**, other business regulations and announcements referred to therein, in particular the **Supplementary Announcement** and the **Standard Prior Information Note** at our branches involved in securities distribution (information on branches is available at <https://www.otpbank.hu/portal/hu/Kapcsolat/Fiokkereso>) or you can access them through www.otpbank.hu.
4. The Default Interest rate for both HUF and other currencies is the base rate of the issuing central bank for the given currency on the date of default + 6% per annum for the entire period of default. If the central bank's base rate indicates an interest rate band, the upper level is the relevant one. If the base rate set by the issuing central bank for the currency

in question is negative, its value does not reduce the 6% per annum surcharge charged by the Bank on top of the base rate of the central bank concerned.

5. Other payment obligations (e.g. fees, taxes, duties, stamp duty, costs):

The Bank draws the Client's attention to the fact that in connection with an order for a product listed on a regulated market abroad, there may be unforeseen situations when, in addition to the brokerage fee set out in this announcement and in the other announcements and condition lists referred to in this announcement, there may be additional fees or costs for the execution of the order, which the Bank will inform the Client about.

If, in the course of the execution of the order, other payment obligations are enforced in relation to the financial instrument concerned on the basis of the individual transaction, the Bank shall charge the amount to the Client and the Client shall be obliged to pay the amount.

The other payment obligation is determined in the currency of the trading or distribution of the financial instrument concerned by the transaction.

6. The stated amount of the Agency fee (brokerage fee) includes the amount of the fee(s) and costs charged by BSE, Keler Ltd. and other stock exchanges and clearing houses for the individual transaction.

F. FOOTNOTES

- ¹ The Entry limit (savings of HUF 20 million at the entry into force of Annex D1) means the term defined in the Announcement on the Interest Rates, Costs and Fees of the OTP Private Banking service. For savings below the Entry limit (HUF 20 million), the account management and order rates for OTP Private Banking clients are the same as the Standard retail rates
- ² For OTP Private Banking clients with Digital Private Banking and Private Banking Service Packages or with a Prestige Private Banking Service Package and savings reaching the Entry limit, the account management fee discount applies to the securities accounts of clients in OTP Private Banking status at the end of the billing period
- ³ For the portion below EUR 100 thousand, the fee calculation is determined according to the tiered fee calculation for OTP Private Banking clients with Digital Private Banking and Private Banking Service Packages or with a Prestige Private Banking Service Package and savings reaching the Entry limit
- ⁴ For the part of EUR 100 thousand and above, the fee calculation is determined according to the threshold fee calculation for OTP Private Banking clients with Digital Private Banking and Private Banking Service Packages or with a Prestige Private Banking Service Package and savings reaching the Entry limit
- ⁵ Municipal customers are charged the reduced 0.11% fee on the total stock until further notice
- ⁶ For OTP Private Banking customers with Digital Private Banking and Private Banking Service Packages or with a Prestige Private Banking Service Package and savings reaching the Entry limit, the promotion will be valid from 01 March 2023 until 31 December 2023 or until revoked. The Bank is entitled to adjust the amount of the fee in line with the inflation rate changes as published by the HCSO (Hungarian Central Statistical Office). (According to previous years' practice, the HCSO has published the relevant inflation data in the first quarter of each year).
- ⁷ Pursuant to Section A.1.5.5 of the Investment Services Business Regulations, the fees in it indicated will automatically increase from 1 March 2024 by the rate of inflation of 17,6% for 2023, as published by the HCSO (Hungarian Central Statistical Office) in January 2023, while the percentage fees set remaining unchanged.
- ⁸ Pursuant to Section A.1.5.5 of the Investment Services Business Regulations, the fees indicated in it will automatically increase from 1 March 2024 by a rate of 9.9%, below the rate of inflation of 17.6% for 2023, as published by the HCSO (Hungarian Central Statistical Office) in January 2024, while the percentage fees set remaining unchanged.
- ⁹ The discount will be valid until revoked, but at the latest until the last day of the month following the publication of the 2024 inflation rate by the HCSO (Hungarian Central Statistical Office).
- ¹⁰ The discounted account management fees are valid from 01/04/2023 until revoked. The discount does not apply to the minimum fee for the Normal Securities Account, LTIA and PSA-D accounts linked to Student Loan Accounts.
- ¹¹ The Bank will provide the discount from 01/04/2023 until revoked.
- ¹² In the case of a START securities account, transfers can only be made to the Hungarian State Treasury in the form of government securities and cash.
- ¹³ In the case of an auction, the commission fee is based on the exchange value of the transaction (nominal value x gross exchange rate).
- ¹⁴ The Retail Government Securities issued through subscription (1-Year Hungarian Government Security, Hungarian Government Security Plus) and through tap issue (Premium Hungarian Government Securities, Bonus Hungarian Government Securities, Fixed Hungarian Government Securities) are now available through OTP's new internet banking and mobile application services.
- ¹⁵ Using the OTPdirekt Telephone, PB recorded phone, OTPdirekt Internet and OTPdirekt Broker services, subscription orders can be placed if the marketing documents of the financial instrument allow it.
- ¹⁶ The subscription/auction brokerage fee(s) applicable to each primary placement will be announced in the relevant individual announcement of the applicable individual pricing. OTP Bank Plc. is entitled to determine the subscription order fee/auction brokerage fee applicable to a given primary placement by sales channel and client segment.
- ¹⁷ The projection bases (exchange rate value) used for the calculation of the transfer cost:
The valuation of listed shares, exchange-traded units, corporate bonds and mortgage bonds and the calculation of the exchange value is based on the previous day's closing price, or, in the absence of this, on the last available closing price, or, in the absence of this, on the nominal value.
Unquoted units are valued at the net asset value of the day.
Other unlisted securities are valued at par value.
In the case of securities traded in a currency other than HUF, the transfer fee calculated in other currencies will be converted into HUF at the daily OTP foreign exchange mid-rate.
- ¹⁸ The projection bases (exchange rate value) used for the calculation of the transfer cost:
The valuation of listed shares, exchange-traded units, corporate bonds and mortgage bonds and the calculation of the exchange value is based on the previous day's closing price, or, in the absence of this, on the last available closing price, or, in the absence of this, on the nominal value.
Unquoted units are valued at the net asset value of the day.
Other unlisted securities are valued at par value.
In the case of securities traded in a currency other than HUF, the transfer fee calculated in other currencies will be converted into HUF at the daily OTP foreign exchange mid-rate.
- ¹⁹ For OTP Private Banking clients with Digital Private Banking and Private Banking Service Packages or with a Prestige Private Banking Service Package and savings up to the Entry Limit, the Bank will offer a discount on the fees within the framework of a promotion running from 01 March 2023 until 31 December 2023 or until its withdrawal.
- ²⁰ Including OTC auction BSE orders, unless otherwise provided in the relevant Announcement.
- ²¹ For OTP Private Banking clients with Digital Private Banking and Prestige Private Banking Service Packages or with a Prestige Private Banking Service Package and savings up to the Entry Limit, the projection basis is the completed stock exchange price (units x strike price).
- ²² For securities registered in a standard securities account, Premium, Premium Plus and Premium Next services, the projection basis is the completed stock exchange price (units x strike price).

²³ For OTP Private Banking clients with a Digital Private Banking and Private Banking Service Package or a Prestige Private Banking Service Package and savings up to the Entry Limit, the brokerage fees for spot buy and sell transactions on the BSE Xtend market apply to Share.

²⁴ In the case of dividend payments on foreign shares, if the client requests a number of shares equal to the amount of the dividend, 1.5% of the value of the dividend will be charged as stamp duty. The stamp duty fee is charged by the issuer to the Bank, so this fee is automatically passed on to the client by the Bank at the same time as the share is credited.

²⁵ Deleted

²⁶ *Orders for one-off purchases and redemptions of units of OTP Funds in the context of continuous distribution can be placed via the new OTP internet and mobile banking service.*

²⁷ When calculating the redemption commission of the Funds, the Bank does not include the date of crediting (entry) and debiting (withdrawal) of the units to the securities account in the period until redemption. E.g. in the case of the OTP Optima Fund, 7 calendar days means that 7 full calendar days must elapse after the purchase of the security, and only on the 8th day can the units be redeemed without commission.)

²⁸ No reallocation order may be given for units traded in foreign currency. Orders for the transfer or reinvestment of units via the OTPdirekt SmartBroker service cannot be initiated.

⁴⁰ For details on the availability and product features of the units of the VIG Befektetési Alapkezelő Magyarország Zrt., a HOLD Alapkezelő Zrt., az Accorde Alapkezelő Zrt. and the foreign asset managers Franklin Templeton, Schroders, BlackRock, BNP Paribas, PIMCO, Fidelity, JPMorgan Chase, UBS, please refer to the Announcement on the product characteristics of investment funds available to normal and premium clients and the Announcement on product characteristics of public open-end and closed-end investment funds available exclusively to Private Banking, Prestige Private Banking and Digital Private Banking clients, available at www.otpbank.hu.

⁴¹ In the distribution of investment funds issued by HOLD Asset Management Ltd., an additional commission will be charged in the following cases. In case of redemption of the Rövid Futamidejű Kötvény Befektetési Alap (HOLD Short Term Bond Investment Fund) and the HOLD Kötvény Befektetési Alap (HOLD Bond Investment Fund) within 5 banking days from the date of crediting the securities account, an additional redemption commission of 2% will be charged, as set out in the Management Policy of the respective fund. The HOLD 2000 Befektetési Alap (HOLD 2000 Investment Fund) Series "A" and "B", HOLD Részvény Befektetési Alap (HOLD Equity Investment Fund) Series "A" and "B", Citadella Származtatott Befektetési Alap (Citadel Derivatives Investment Fund) Series "A" and "C", HOLD VM Abszolút Származtatott Befektetési Alap (HOLD VM Absolute Derivatives Investment Fund) Series "A", HOLD VM EURO Alapok Alapja (HOLD VM EURO Funds of Funds), HOLD Columbus Globális Értékalapú Származtatott Befektetési Alap (HOLD Columbus Global Value-Based Derivative Investment Fund) Series "A" and "B", HOLD Alapok Alapja (HOLD Fund of Funds), HOLD EURO Alapok Alapja (HOLD EURO Fund of Funds), HOLD 3000 Nyíltvégű Befektetési Alap „A” sorozat (HOLD 3000 Open-ended Investment Fund "A" Series), HOLD Orion Származtatott Befektetési Alap (HOLD Orion Derivative Investment Fund), and the HOLD Expedíció Származtatott Befektetési Alap (HOLD Expedition Derivative Investment Fund) will be subject to an additional redemption commission of 5% within 5 banking days from the date of crediting to the securities account, as set out in the Management Policy of the respective fund.

In case of redemption of the HOLD Columbus Globális Értékalapú Származtatott Befektetés (HOLD Columbus Global Value Derivative Investment Fund) Series "A" and "B" within 548 calendar days from the date of crediting the securities account, an additional redemption commission of 1% will be charged, as set out in the Management Policy of the respective fund. If the Fund is redeemed within 5 banking days, the 1% redemption commission will not be charged.

In case of redemption of the Citadella Származtatott Befektetési Alap (Citadel Derivative Investment Fund) Series "A" and "C" within 365 calendar days from the date of crediting to the securities account, an additional redemption commission of 3% will be charged, as set out in the Management Policy of the respective fund. If the Fund is redeemed within 5 banking days, the 3% redemption commission will not be charged (in addition to the additional 5% commission).

For the purpose of charging excess redemption commissions, the period until redemption does not include the date of crediting (entry) and debiting (withdrawal) of the unit to the securities account.

According to the Management Policy of the Citadella Származtatott Befektetési Alap (Citadel Derivative Investment Fund), HOLD Asset Management Ltd. is entitled to charge an additional maximum of 10% commission on purchases, which is due to the Fund. The exact amount of the commission shall be published by the Manager in a CEO Decision. The place of publication is www.hold.hu or www.kozzetetelek.hu. From 1 October 2019, the buying commission rate for the Fund is 0%.

⁴² In the case of redemption of investment funds issued by VIG Befektetési Alapkezelő Magyarország Ltd. within 10 distribution days, an additional redemption commission of 2% will be charged, as set out in the Management Policy of the respective funds.

⁴³ Except for BNP funds: HUF/EUR/USD/GBP/JPY 0

⁴⁴ In the case of redemption of investment funds issued by Accorde Asset Management Ltd. within 5 distribution days, an additional redemption commission of 5% will be charged, as set out in the Management Policy of the respective funds.

⁴⁵ The units of the OTP CETOP Indexkövető UCITS ETF Alap (OTP CETOP Index Tracking UCITS ETF Fund) may only be continuously distributed through OTP Bank Plc. Budapest, Madarász Viktor u. 14, 1131 Budapest (Central Branch), while the units stock exchange trading may be traded on all sales platforms, and the fees for stock exchange orders are the same as the fees for stock exchange orders as set out in Section V. of this Announcement.

⁴⁶ The rates and charges for investment and ancillary investment services are the same as those applicable to the Prestige Private Banking Package for the assets transferred to the Fiduciary Asset Management. From 4 December 2023, the Fiduciary Asset Management service will be available through Bank Branch and PB voice telephony service channel(s).

⁴⁷ Based on point A.I.5.4.a of the Investment Services Business Rules, the indicated fees will be increased or restructured as of 2 January 2024.

⁴⁸ The terms and conditions of the Megtakarítási Kedvezmény (Savings Discount) available for the Lakossági Bázis Számla (Retail Base Account) under the promotion are set out in the "Lakossági Bázis Számla és Junior Számla kamatairól és díjairól" notice in force at the time.

⁴⁹ The detailed promotional terms and conditions of the so-called "Dolgozói ajánlat (Employee offer)" are set out in the " az OTP Munkavállalói ajánlatról" notice in force at the time.
